ABUSED NO MORE SAFEGUARDING YOUTH AND EMPOWERING PROFESSIONALS

Welcome to the 2nd e-newsletter of the 3-year Erasmus+ funded project "Abused No More: Safeguarding Youth and Empowering Professionals."

ONLINE COURSE FOR YOUTH PROFESSIONALS

This summer, the Abused No More partnership is very pleased to announce the launch of the CPD accredited interactive e-learning course "Abused No More: Safeguarding Youth and Empowering Professionals". This e-tool aims to strengthen the skills and competences of youth professionals who are working with marginalised youth especially those who are facing exclusion and discrimination due to gender based-abuse or their cultural backgrounds. Using real stories of young people, the course explores youth-led models of engagement and familiarise professionals with the concept of legal literacy as an empowerment tool for prevention of gender based discrimination and violence.

ONLINE COURSE FOR YOUNG PEOPLE

The partnership also launched a short interactive online course for young people living in the UK and Europe. The course aims to increase young people's awareness of gender based violence and discrimination with particular focus on female genital mutilation (FGM), honour based violence and forced marriage. The e-course includes additional resource and videos that will help young people to take action, get involved and share knowledge with their peers.

WHAT WE HAVE BEEN UP TO:

The Abused no More partners have been busy with the organisation of two 6-day international events targeted to youth professionals that took place on the 24-29 April in London, UK and 3-8 July in Warsaw, Poland. The courses involved 27 professionals and explored the concepts of legal literacy and public legal education as key empowerment and participation tools for marginalised young people.

The sessions explored innovative youth-led delivery models including the application of drama in youth work and facilitated cross-cultural learning and exchange of best practice.

ABOUT THE PROJECT

The Abused No More is a 3 year Erasmus+ KA2 funded programme that aims to increase the legal capacity in the areas of gender-based discrimination, exclusion and abuse against some of the most marginalised youth groups and in particular those who tend to be disadvantaged due to their gender and cultural differences (e.g. immigrants, refugees, descendants from immigrant families) and other social obstacles e.g. sexual orientation and ethnicity. The partnership is currently developing face to face and online accredited training courses for professionals and young people.
